

Dearest All,

Merry Christmas and a Happy New Year. How we wish we could see you. We seem not to be able to catch up this year with anything. We're hoping that somehow in 1956 we shall be able to get those pictures we have been promising off to you and some new ones, too. The shortage of water has kept me from anything in the ^{time} photographic work and so I haven't developed a print since May.

We must get this off to you. The mail goes in about 2 minutes.

Lots of love and a hug and
kiss from your son + brother.

God's blessing on everyone this
Christmas time.

Jackie
