Between the two carpenter shops
we went to look people to
drive automobiles. They have
several cars with their
sewing machine. It is found
to watch the learners move
along the streets. May and I
are both really getting to be
can talk a lot of Portuguese
and understand more. I mean
and I think have learned
to say "Bom dia". "Bom dia"
Bom dia. Good morning.
Good night. Good evening.
I like Portuguese. May
is a clerk. I asked them
the alphabet again. I mean
spelled the name of some im-
mediately. But I think we have
Francis's "Learn to Read". The letters

being. We have thought your
letter to-day present. It isn't much
such a scribble of scribble. One
of them I shall send by letter
regular mail. The other I will
try and get done up and mailed
this week. It is breakable but try
the mud something to do it up in.
Both were made in Portugal.

We didn't bring the native you
saw in Cumberland. It wasn't
suitable for Cyrus, we learned. They
got another one and we have it
now. However it requires a
scently ~~have~~ foot wheel to get
anything decently inside of London
or Portugal, since we turned
