

10 years + 3 1/2 years and 2 boys
9 years + 4 years.

The kids should have
fun and drive their parents
wild.

However there is a good
big deck well protected with
metal sides where they can
play.

We have worked until 12
o'clock and 1 and one night it
was 15 minutes to 2. we
really were tired
I didn't even need an office
operation after all.

Every thing is O.K.

Kenneth is fine after the
operation.

Bill & Eleanor brought us
down and all our luggage
except a mess we had.

We were so thrilled to
get your letters and package.

The children will have a
wonderful treat. We got Maus
package. Will send her a letter
from Bratislava if I don't get one
with this.

The children have each
a really good toy with the
money you sent. Henry has
a civilian defence truck, you
just paid it and it goes for
a coin and everything.

Tommy has a fire truck
with a spot light.

Susan has a play school
it is a bench with dogs and
a hammer.

Patty has a pull toy and
she goes up and down the
corridor with it happy as
any thing.

Good be with you all
Love from all of us.

Betty.
